FOR IMMEDIATE RELEASE:

Mississippi Public Service Commission Announces New Division Director of Pipeline Safety Division

JACKSON, MS (June 2, 2025)— The Mississippi Public Service Commission is pleased to announce that Kaleb Gibson has been promoted to Director of the Commission's Pipeline Safety Division.

Mr. Gibson has been a dedicated public servant since 2014 and brings a wealth of experience and extensive training to his new role. Mr. Gibson has worked as a Pipeline Safety Investigator at the Commission for more than eight years, where he conducted investigations of complaints and violations, engaged with pipeline company officials, and evaluated the compliance of natural gas utilities with state regulations.

In addition to his professional background at the agency, Mr. Gibson has completed numerous certifications from the Pipeline Hazardous Materials Safety Administration (PHMSA). He currently serves as a board member for the Mississippi Natural Gas Association.

"As Division Director, Mr. Gibson will oversee the Commission's pipeline safety efforts, ensuring the safe transportation of natural gas and other hazardous materials throughout the state," stated the Commissioners. "The Commission looks forward to Mr. Gibson's leadership in this critical role, and we are confident that his specialized training, experience, knowledge, and dedication to pipeline safety will serve the Commission and the citizens of Mississippi well."
