FOR IMMEDIATE RELEASE:

Mississippi Public Service Commissioners Host Critical Power Grid Summit

JACKSON, MS (August 28, 2025)— The Mississippi Public Service Commissioners are excited to announce the upcoming Power Grid Summit, focusing on ensuring grid reliability and maintaining reliable, affordable, and readily available energy for Mississippi's ratepayers. The Power Grid Summit is scheduled for Thursday, September 25, 2025, from 9:00 a.m. to 4:30 p.m. at the MPSC Courtroom in the historic Woolfolk Building in Jackson.

As the demand for reliable and affordable electricity continues to grow, the summit will bring together regulatory leaders, utility representatives and industry experts to discuss the challenges and opportunities facing Mississippi's electric grid.

"Ensuring the reliability and affordability of our electric grid is essential for the economic growth and quality of life in Mississippi," stated the Commissioners. "This summit will provide a vital platform for dialogue and collaboration as we address the pressing issues impacting our electrical infrastructure."
