Date Filed: August 8, 2022
 Date to be Effective: September 30, 2022
 Docket No.: 2022-UN-XX

MISSISSIPPI PUBLIC SERVICE COMMISSION

Revised Page No. IX-1, Date: September 30, 2022
 Superseded Page No. IX-1, Date: October 29, 2021
 Schedule Consists of: Two Pages

**STANDARD SCHEDULE FOR PURCHASES FROM QUALIFYING COGENERATION AND
 SMALL POWER PRODUCTION FACILITIES WITH
 DESIGN CAPACITY OF 100 KILOWATTS OR LESS
 SCHEDULE QF-21**

I. APPLICATION

To cogeneration and small power production facilities that are Qualifying Facilities as provided by the Mississippi Public Service Commission (the "Commission") with a design capacity of 100 kilowatts or less that have provided interconnection facilities that comply with the standards for interconnection and parallel operation established by the Commission or by Entergy Mississippi, LLC, ("Entergy Mississippi" or "Company") and that deliver energy to Entergy Mississippi at its primary distribution voltage.

II. CALCULATION OF PAYMENT

The Qualifying Facility shall have an option as set forth below concerning the method that shall apply for calculation of payment for purchases of electric energy made by Entergy Mississippi from the Qualifying Facility. Such option, once selected, shall not be changed during the term of the contract.

	<u>PAYMENT PER KWH DELIVERED (CENTS/KWH)</u>
OPTION A	
All hours	3.333
OPTION B	
Peak hours	3.486
Off-peak hours	3.130

PEAK HOURS:
 7 AM to 11 PM CST Monday – Saturday

OFF-PEAK HOURS:
 All hours not classified as peak hours

III. SERVICE CHARGE

In consideration of the meter reading, accounting, and billing service furnished by the Company hereunder, Company shall charge the Qualifying Facility \$12.00 per month.

IV. FACILITIES CHARGE

The Qualifying Facility shall pay to the Company the full installed cost of any facilities in excess of the facilities that would have been installed by the Company if customer had not been a Qualifying Facility. Any such payments may be collected, at the Company's option, in the form of a monthly facilities charge, at the beginning of the Contract Period, or a combination of both.

V. PAYMENT

Company will compute amounts as appropriate under each of the above provisions. Amounts due Company will be deducted from amounts due the Qualifying Facility, and Company will promptly pay any net amount due to the Qualifying Facility. In the event that there is a net amount due to Company, Company will render a statement to the Qualifying Facility, which statement shall become due and payable upon receipt. Provided, however, if an amount of less than \$1.00 is due and payable by either party, Company will credit or debit the Qualifying Facility's account, as appropriate, and the balance shall be carried over to the next month.

VI. METERING

The Qualifying Facility shall pay to the Company at the beginning of the contract period as a contribution-in-aid-of-construction the full installed cost of the metering and associated equipment in excess of the metering and associated equipment that would have been installed by the Company if customer had not been a Qualifying Facility. The Qualifying Facility shall provide and maintain a location, free of expense and satisfactory to the Company, for its installation. Company will furnish and install, at the Qualifying Facility's expense, the necessary metering and associated equipment, all of which shall remain the property of the Company. The Qualifying Facility shall pay the Company for any tax expenses that are incurred as a result of such contributions-in-aid or payments made by the Qualifying Facility. The Qualifying Facility shall protect the meter against damage or tampering by unauthorized persons. Company will read the meter monthly. The registration of Company's meter shall be accepted and received at all times as prima facie evidence of the amount of energy delivered to Company hereunder.

VII. MAINTENANCE AND EMERGENCIES

The Company shall not be obligated to accept or pay for, and the Company may require the Qualifying Facility to interrupt or reduce, deliveries of energy (a) to construct, install, maintain, repair, replace, remove, investigate or inspect any of Company's equipment or any part of the Company's system, or (b) if the Company determines that the interruption or reduction of deliveries is necessary because of emergencies, forced outages, operating conditions on its system or as otherwise required by prudent electrical practices. In the event of such circumstances, Qualifying Facility and Company shall use their best efforts to remove such conditions.

VIII. CONTRACT PERIOD

Not less than one year.

IX. RESERVATION

Subject to the orders of regulatory authorities having jurisdiction and the provisions of Company's Service Policy currently on file with the Mississippi Public Service Commission. Rates incorporated herein are subject to being updated periodically by the Company subject to the regulations of the Mississippi Public Service Commission.
